

<rotem meiri>

intro

Senior **full-stack developer, architect & consultant** with 20+ years of experience and a passion for **building things**.

Now focused on **AI-assisted development**, **AI integrations** and agentic workflows.

Currently designing and teaching **Full-Stack Pro: 10x Developer**, the advanced AI-native developer course for junior-to-mid-level developers.

Anthropic, **Microsoft** and **VMWare** certified.

summary

- **Senior Developer & Architect**
specializes in the design and hands-on development of robust, high-performing, scalable web applications and services.
- **Tech Lead, CTO-as-a-Service**
provides technical leadership and architectural guidance to leading startups, organizations and enterprises.
- **Technical Contributor & Consultant**
to 4+ startups that were subsequently **acquired** internationally.
- **Certified Instructor**
25+ years of experience training, mentoring, and educating **500+ developers**, some holding key roles across the industry, where others have successfully started and **sold** their own companies.

certifications

- **Anthropic Certified**
 - **Claude Code**
 - **Advanced MCP (Model Context Protocol)**
 - Additional Anthropic Certifications expected Q1/2026.
- **Microsoft Certified**
 - **Microsoft Certified Trainer (MCT)**
 - Microsoft Certified Systems Engineer (MCSE)
 - Microsoft Certified Systems Administrator (MCSA)
 - Microsoft Certified IT Professional (MCITP)
 - Microsoft Certified Professional (MCP)
- **VMWare Certified**
 - VMware Certified Professional (VCP) - virtualization & cloud

skills and tech stack

- **AI-Assisted Development & Agentic Toolbox**
 - Claude Code (Expert level: CLI, API, Headless & Web, Hooks, Custom Commands, Skills, Tools, Plugins, etc.)
 - Model Context Protocol (MCP) - design, configuration, integration.
 - AI-assisted code review (CodeRabbit)
 - Agile Workflows (Linear & Jira MCP)
 - LLM integration into production applications, agentic CI/CD and development workflows
- **Full-Stack Development**
 - TypeScript & JavaScript (**Expert**)
 - Angular (**Expert**), React/React Native/Next.js, VUE
 - Python, C#, DART (Flutter)
 - Very Strong Vanilla HTML/CSS/JS/TS

experience

2022 → 2026

- **Vulcan Cyber**
[acquired by Tenable] - Exposure mitigation platform.

Full-Stack Tech Lead Architect

- Developed solutions, features, and architectural designs **hands-on**.
- Tech-led the full stack team.
- Integrated LLM solutions into the front-end and back-end platform.
Automated bug triage, code review, and ticket resolution by architecting an agentic CI/CD pipeline integrating Claude Code with GitHub Actions, reducing manual review time.

2014 → 2022

- **Freelance Developer, Architect & Consultant**

CTO-as-a-Service

- Delivered MVPs, production web apps, APIs, services, and infrastructure for **top tech companies** from startup to enterprise.
- Responsible for leading development projects **end-to-end**. Design, UX, coding, deployment, testing, and maintenance.

Client Portfolio

PerimeterX, Symantec, Optibus, Curv, Sightfull Insights, Ottopia, Storemaven, Panax, zigi.ai, minta, and more.

2017 → 2020

- **Magic Software Enterprises**
NASDAQ: mgic

Architect, Full-Stack Tech Lead

- Designed and developed infrastructure for **Magic XPA's Web Application Framework**.
- The framework is a low-code web application generator, running in production in **fortune-500 companies worldwide**.

- o The platform enables the automatic generation of a single-page Angular application.
- o Worked with traditional C#/Java development teams, trained and transitioned them into modern web-oriented development teams.

2017 → 2019

- **Israel Police Force**

Web Architect, Consultant

- o **Designed infrastructure**, set conventions and standards for widely used APIs, libraries, and microservices.

2015 → 2017

- **Hysolate**

[Acquired by Perception Point] - A Team8 Company.

Front-End Tech Lead, Architect

- o Led the development of an innovative Angular-based view component generation framework.
- o single-handedly delivered a **production-ready, enterprise-level** web app from scratch, utilizing state-of-the-art technologies.

2014 → 2018

The Mobile App Workshop

Boutique Mobile App Development Workshop

Founder, Instructor

- o Developed and delivered a **boutique full-stack web app workshop**, now with 120+ graduates. Many now employed at leading tech companies or started their own startups.

2011 → 2015

memegenerator.net

First online meme generator on the internet

Co-Founder, Front-End Developer

- o Co-owned, co-developed, and managed site serving millions of unique monthly users.
- o This site has contributed to the online meme culture and has been cited as one of the most influential meme websites on the internet.

2000 → 2014

John Bryce / Hi-Tech College Herzliya

Leading tech learning centers in Israel

Instructor

Founder and manager of "Extreme" program for outstanding students

- o Delivered Microsoft official courses as a **Microsoft Certified Trainer (MCT)** - Cloud computing, virtualization, networking security, etc.
- o Founded and managed the Extreme Program for Outstanding Students for an accelerated certification path
